

CYBER SAFETY STARTS AT HOME!

With everyone in the family using the internet to engage in social media, adjust the home thermostat or shop for the latest connected toy, it is vital to make certain that the entire household — including children and older adults — learn to use the internet safely and responsibly.

HELP MAKE YOUR HOME A SAFE DIGITAL HAVEN BY PROTECTING NETWORKS, DEVICES AND ONLINE LIVES WITH THESE TIPS:

KEEP A CLEAN MACHINE

Having the latest security software, web browser and operating system is the best defense against viruses, malware and other online threats. Remember, mobile phones and tablets need updating too!

LOCK DOWN YOUR LOGIN

Username and passwords are not enough to protect key accounts like email, bank and social media. Improve account security by enabling strong authentication tools such as biometrics or unique one-time codes.

SHARE WITH CARE

Think before posting about yourself and others online. Consider what a post reveals, who might see it and how it could be perceived now and in the future.

BACK IT UP

Protect your valuable work, music, photos and other digital information by making an electronic copy and storing it safely.

PERSONAL INFORMATION IS LIKE MONEY. VALUE IT. PROTECT IT.

Information about you, such as your purchase history or location, has value — just like money. Be thoughtful about who gets that information and how it's collected through apps and websites.

SECURE YOUR WI-FI ROUTER

Set a strong passphrase (at least 12 characters long) for your Wi-Fi network. Focus on positive sentences or phrases that you like to think about and are easy to remember (for example, "I love country music."). Name your network in a way that doesn't let people know it's your house.

GET YOUR FAMILY, FRIENDS, COMMUNITY AND CO-WORKERS INVOLVED IN SOMETHING BIG!

GET INVOLVED ON SOCIAL MEDIA

Use #CyberAware in all your tweets! Like us on Facebook (/CRTechGroup) to catch live segments with our techs and follow us on Twitter for the latest news and resources (@CRTechGroup)

National Cybersecurity Awareness Month

BECOME A NCSAM CHAMPION

Register yourself and/or your organization as a Champion to take action in support of NCSAM. It's easy and FREE to sign up at staysafeonline.org/ncsam.
